1. This Office action is in response to applicant's amendment received September 09, 2005, which amends the specification and claims 2-4, 8, 17-22 and 24, cancels claims 1, 5-7, 14-16 and 23, and adds claims 25-30.

Claims 2-4, 8, 9, 17-22 and 24-30 are pending.

2. The rejection of claim 2 under 35 U.S.C. 112, 2<sup>nd</sup> paragraph, as set forth in the Office action mailed June 03, 2005, is overcome by applicant's amendment.

The rejection under 35 U.S.C. 102(b) based on JP 10-284250 is rendered moot in part by claim cancellation, and otherwise overcome by claim amendment.

The rejection under 35 U.S.C. 103(a) based on Mori et al. (US 5,281,489) in view of Butterfield (US 3,671,451) is rendered moot in part by claim cancellation, and otherwise overcome by claim amendment.

- 3. The oath or declaration is defective for the reasons noted in the Office action mailed June 03, 2005. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.
- 4. As noted in the Office action mailed June 03, 2005, applicant has claimed foreign priority based on an application filed in Germany on August 21, 2001, but applicant has not filed a certified copy of the application as required by 35 U.S.C. 119(b).

- 5. The remarks accompanying applicant's amendment received September 09, 2005 indicate that a new declaration and a certified copy of German Application No. 10141266.5 "will be filed shortly". To the examiner's knowledge, the declaration and priority application have not yet been filed as they are currently not present in the IFW. On October 17, 2005, the examiner telephonically notified applicant's representative, Gregory Hartwig, that the declaration and priority application should be filed by the end of October so as to help ensure that they would be in the IFW prior to the examiner acting on the case in November.
- 6. Claims 4 and 30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In formula 1 in claim 4, R<sup>2</sup> and R<sup>3</sup> are not depicted as forming a ring, and R<sup>6</sup> and R<sup>7</sup> are not depicted as forming a ring. No definition for R<sup>2</sup>, R<sup>3</sup>, R<sup>6</sup> and R<sup>7</sup> is set forth in claim 4. It is not clear if R<sup>2</sup>, R<sup>3</sup>, R<sup>6</sup> and R<sup>7</sup> are to be interpreted as having the same definition as set forth in claim 8, from which claim 4 depends, or if claim 4 improperly fails to further limit the subject matter of the claim from which it depends. (If, in response to this action, applicant redraws the formula in claim 4 to depict the ring formation depicted in formula 20a in claim 8, the examiner suggests deleting the formula number in claim 4 since the formula will not be the same as formula 1 as set forth in the specification.)

Claim 30 recites that R<sup>4</sup> and R<sup>8</sup> "can be" certain specified fluorinated phenyl groups. It is not clear if R<sup>4</sup> and R<sup>8</sup> can be something other than the specified fluorinated phenyl groups,

selected from the broader possibilities set forth in claim 8, from which claim 30 depends. If not, the examiner suggests changing "can be" to --are-- (or to --are the same or different and are--).

- 7. Claims 2, 3, 8, 9, 17-22 and 24-29 are allowed.
- 8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
